

## **POLICY 7315**

### **STUDENT ACCEPTABLE USE**

#### **Program Implementation**

The NYSSB/NYSSD recognizes that effective use of technology is important to our students and will be essential to them as adults. Consequently, the School System will provide access to various computerized information resources through the School's computer system (SCS hereafter) consisting of software, hardware, computer networks and electronic communications systems. This may include access to electronic mail, "on-line services," "WiFi" and the "Internet." The School shall provide personnel support for such usage.

The SCS is for educational and/or research use only and must be consistent with the goals and purposes of the School. The standards of acceptable use as well as prohibited conduct by students accessing the SCS, as outlined in School policy and regulation, are not intended to be all-inclusive. Students are held to the same standards of good behavior whether they are using school computer networks or any other electronic media or communications, including a student's own personal technology or electronic device while on school grounds or at school events. In addition to the specific standards of student conduct delineated in this regulation, the general requirements of acceptable student behavior expected under the School's *Code of Conduct* also apply to student access to the SCS. Communications on the network are often public in nature. General school rules for behavior and communications apply.

Legal and ethical implications of software use will be taught to students of all levels where there is such software use. In addition, the Building Principal or his/her designee and/or classroom teacher will be responsible for informing School students of rules and regulations governing student access to the SCS.

In order to match electronic resources as closely as possible to the approved School curriculum, School personnel will review and evaluate resources in order to offer "home pages" and menus of materials which comply with guidelines governing the selection of instructional materials. In this manner, staff will provide developmentally appropriate guides to students as they make use of telecommunications and electronic information resources to conduct research and other studies related to the School curriculum. As much as possible, access to the School's computerized information resources will be designed in ways which point students to those which have been reviewed and evaluated prior to use. While students may be able to move beyond those resources to others which have not been evaluated by staff, students shall be provided with guidelines and lists of resources particularly suited to the learning objectives.

#### **Standards of Conduct Governing Student Access to the Schools Computer System**

Inappropriate use of the SCS may result in disciplinary action, including suspension or cancellation of access. Prior to suspension or revocation of access to the SCS, students will be afforded applicable due process rights. Each student who is granted access will be responsible for that usage. The SCS is provided for students in support of their educational program and to conduct research and communicate with others.

## **POLICY 7315**

### **STUDENT ACCEPTABLE USE**

behavior and communications over the School computer network. It is presumed that users will comply with School standards and will honor the agreements they have signed.

Student data files and other electronic storage areas will be treated like school lockers. This means that such areas shall be considered to be School property and subject to control and inspection. The computer coordinator may access all such files and communications without prior notice to ensure system integrity and that users are complying with the requirements of School policy and regulations regarding student access to the SCS. Students should **NOT** expect that information stored on the SCS will be private.

During school, teachers will guide students toward appropriate materials. Outside of school, parents/guardians bear responsibility for such guidance as they do with information sources such as television, telephones, movies, radio and other potentially offensive/controversial media.

Use of the SCS which violates any aspect of the School's *Code of Conduct*; and federal, state or local laws or regulations is strictly prohibited and may result in disciplinary action in compliance with applicable School guidelines and/or federal, state and local law including, but not limited to, suspension and/or revocation of access to the SCS. In addition to the School's general requirements governing student behavior, specific activities shall be prohibited by student users of the SCS including, but not limited to, the following:

- 1) Using the SCS to obtain, view, download, send, print, display or otherwise gain

## **POLICY 7315**

### **STUDENT ACCEPTABLE USE**

regulation, the *School Code of Conduct*, and/or federal, state and local law or regulation.

- 11) Revealing personal information about oneself or of other students including, but not limited to, disclosure of home address and/or telephone number.
- 12) Accessing personal, interactive sites (such as Facebook) unless under the direct supervision of a staff member. This includes the use of a student's personal cell phone or digital device to access such social networking sites.
- 13) Creating or using a website or blog which may cause a substantial disruption in the school environment or interfere with the rights of others.
- 14) Using digital devices (such as cell or camera phones), electronic technology and/or media to facilitate cheating, plagiarism, etc.

Network accounts are to be used only by the authorized owner of the account. Any user of the SCS that accesses another network or computer resources shall be subject to that **netwo**

**POLICY 7315**

**STUDENT ACCEPTABLE USE**

**NYSSB STUDENT AGREEMENT  
FOR USE OF SCHOOL COMPUTERIZED INFORMATION RESOURCES**

In consideration for the use of the School's Computer System (SCS), I agree that I have been provided with a copy of the School's policy on student use of computerized information resources and the regulations established in connection with that policy. I agree to adhere to the policy and the regulations and to any changes or additions later adopted by the School. I also agree to adhere to related policies published in the *Code of Conduct*.

**NYSSB PARENT/GUARDIAN NOTIFICATION FOR STUDENT USE OF  
SCHOOL COMPUTERIZED INFORMATION RESOURCES**

I am the parent/guardian of \_\_\_\_\_, the minor student who has signed the School's agreement for student use of computerized information resources. I have been provided with a copy and I have read the School's policy and regulations concerning use of the SCS.

I also acknowledge receiving notice that, unlike most traditional instructional or library media materials, the SCS will potentially allow my son/daughter student access to external computer networks not controlled by the School. I understand that some of the materials available through these external computer networks may be inappropriate and objectionable; however, I acknowledge that it is impossible for the School to screen or review all of the available materials. I accept responsibility to set and convey standards for appropriate and acceptable use of technology to my son/daughter when he/she is using the SCS or any other electronic media or communications, including my son/daughter's own personal technology or electronic device on school grounds or at school events.

I agree to release the School, its agents and employees from any and all claims of any nature arising from my son/daughter's use of the SCS in any manner whatsoever.

I agree that my son/daughter will have access to the SCS and I agree that this may include remote access from our home.
